

Protecting your personal data

Secondary Worksheet

YOUR DATA MATTERS

Jaiden

Jaiden also uses Pix.

Over the next week, they post pictures of themselves playing for their school basketball team, and of their new baby brother. They check in at their favourite park, change their relationship status and buy some new headphones online.

Pix has been hacked!

Make a list of all of the online data that hackers might now have about Jaiden.

What should Jaiden do?

Protecting your personal data

Secondary Worksheet

YOUR DATA MATTERS

How could Jaiden have protected their data?

Come up with three ideas of how Jaiden could have protected themselves. For each of these ideas decide on the pros and cons.

Then give each one a score from 1 to 10 for how effective you think it would be.

Idea: _____

Pro: _____

Con: _____

Effectiveness: ____/10

Idea: _____

Pro: _____

Con: _____

Effectiveness: ____/10

Idea: _____

Pro: _____

Con: _____

Effectiveness: ____/10
